

# GRITHMAKER

*Where nature meets practice.*

---

European platform for aquascaping, hydroponics,  
urban farming, marine and IoT.

# One place. Every living system.

## Aquascaping

Plants, substrates, fertilisers, CO<sub>2</sub>

## Hydroponics

NFT & DWC systems, nutrients, LED

## Urban Farming

Indoor kits, grow tents, automation

## Marine

Corals, reef lighting, pumps

## IoT & Tech

Sensors, controllers, smart systems

## Water Treatment

Osmosis, filtration, CO<sub>2</sub> systems

## 01

### A focused audience

Enthusiasts, professionals and B2B buyers who know exactly what they want — and spend accordingly.

## 02

### Cross-category reach

Your products sit alongside complementary categories. The customer who buys CO<sub>2</sub> also buys nutrients, sensors, lighting.

## 03

### Technical credibility

We don't just list products. We explain them. Every item comes with expert content in 5 languages.

## 04

### A physical presence

Genoa Tech Hub — open March 2026. Real space to demo, test and meet.

# Let's talk.

*If you think your products belong here,  
we'd like to hear from you.*
